

What is IELTS ANALYZER?

The IELTS ANALYZER website is a powerful tool designed to help users analyze their IELTS reading and listening examination data effectively. By utilizing advanced charting and visualization techniques, the platform transforms raw data into insightful graphics, making it easier for users to identify patterns, strengths, and areas for improvement. Whether you are a student preparing for the IELTS or an educator looking to track progress, IELTS ANALYZER provides a comprehensive analysis that enhances understanding and boosts performance. With its user-friendly interface and detailed visual representations, users can navigate their examination results with confidence and clarity, ultimately leading to better preparation and success in the IELTS exam.

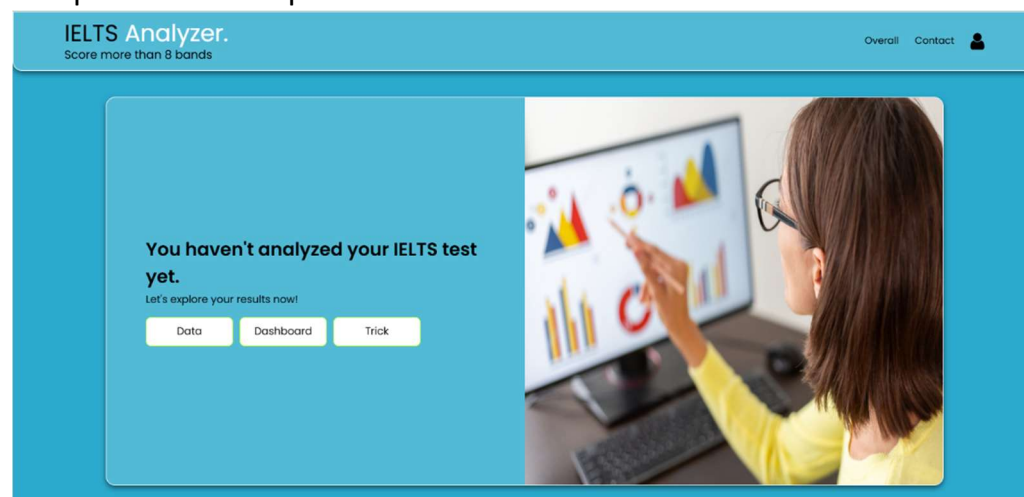

The website also has a trick page designed to assist users in mastering various techniques for tackling different question types in reading and listening. This resource is invaluable for learners who seek to enhance their comprehension and analytical skills. By providing targeted strategies, the trick page enables users to approach questions with confidence and efficiency. It covers a range of techniques, including skimming for main ideas, identifying keywords, and understanding context clues. Overall, this feature is an essential tool for anyone looking to improve their performance in reading and listening assessments.

User Manual

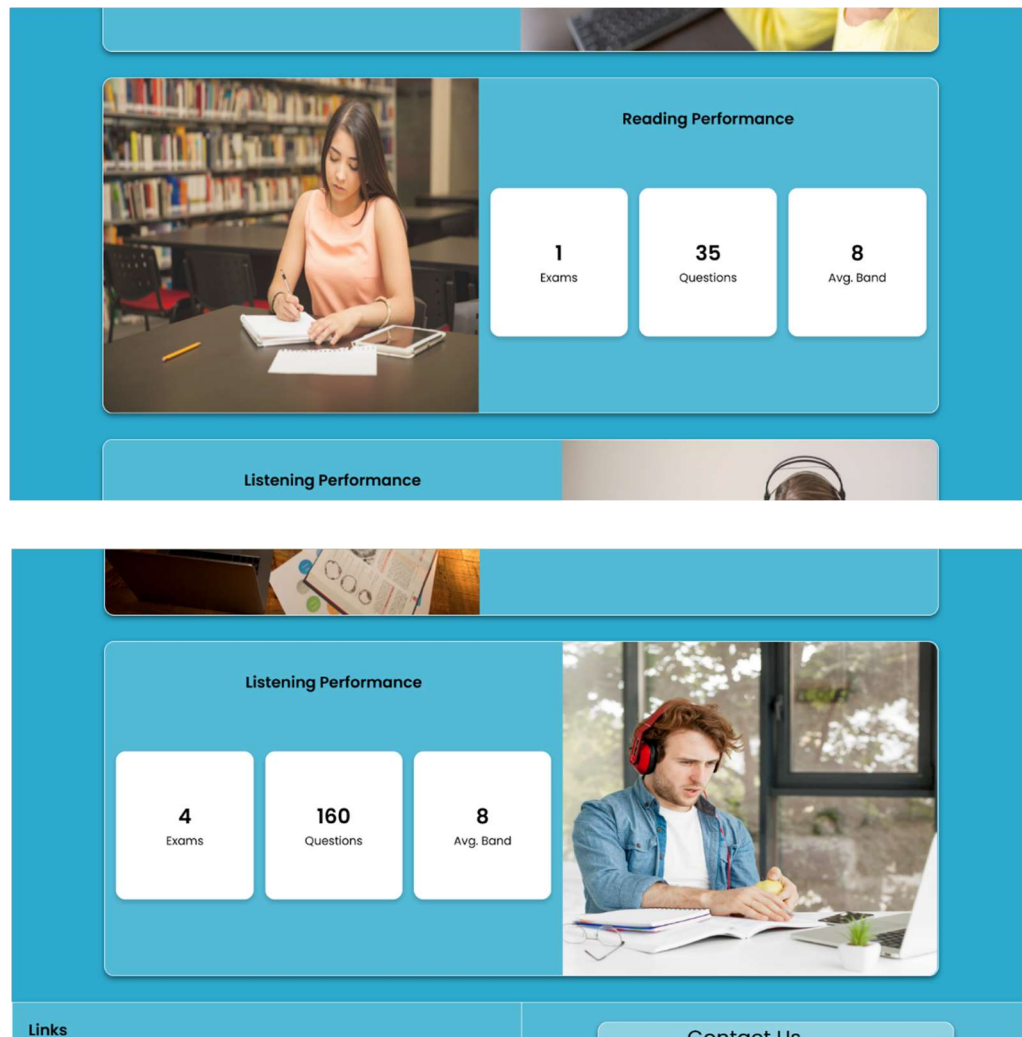

- **HOME PAGE**

This page is divided into four distinct sections.

The first section serves as a navigation hub, allowing users to easily access various components of the platform.

In the second and third sections, users can view comprehensive data related to their reading and listening activities, providing insights into their progress and engagement.

Finally, the footer section offers users the opportunity to provide feedback and contact us for any inquiries or support.

The footer section is divided into two main parts. On the left, there is a 'Links' section with a list of links: Data, Dashboard, and Trick. Below this is an 'Email' section with the email address nimitshah240@gmail.com, a 'Phone' section with the number +91 6353756701, and an 'Address' section with the address 123 xyz building, abc district, ABC state, India, 380013. On the right, there is a 'Contact Us' section with a form containing three input fields: Name*, Email*, and a text area for the message. A 'Send' button is located below the text area. At the bottom of the footer, there is a copyright notice: © Copyright Nimit Shah. All Rights Reserved. and a row of social media icons for email, WhatsApp, Instagram, and LinkedIn.

- **SELECTION**

When users select Data, Dashboard, or Trick, they will be taken to a selection page where they can choose between two options: Reading or Listening. After making their choice, users will be directed to the appropriate page corresponding to their selection.

- **MAIN DATA**

After choosing either the reading or listening option, users will see their existing data, enabling easy access to previously saved materials. Furthermore, users can effortlessly create new content by clicking the "New" button in the header, ensuring a smooth process for adding fresh items to their collection. Additionally, users can delete an exam and update an exam by clicking on the name of the exam.

• DATA ENTRY

Users can easily enter their exam scores by selecting the question type and inputting the total number of correct, incorrect, and missed answers for each section. To manage their questions, users can view and delete specific questions by clicking the "Show" button. Once all entries are complete, users can save their exam results conveniently by clicking the "Save" button located in the header.

● DASHBOARD

The Dashboard is the main feature of the website, designed to help users visualize their exam data through interactive charts. It comprises four distinct sections:

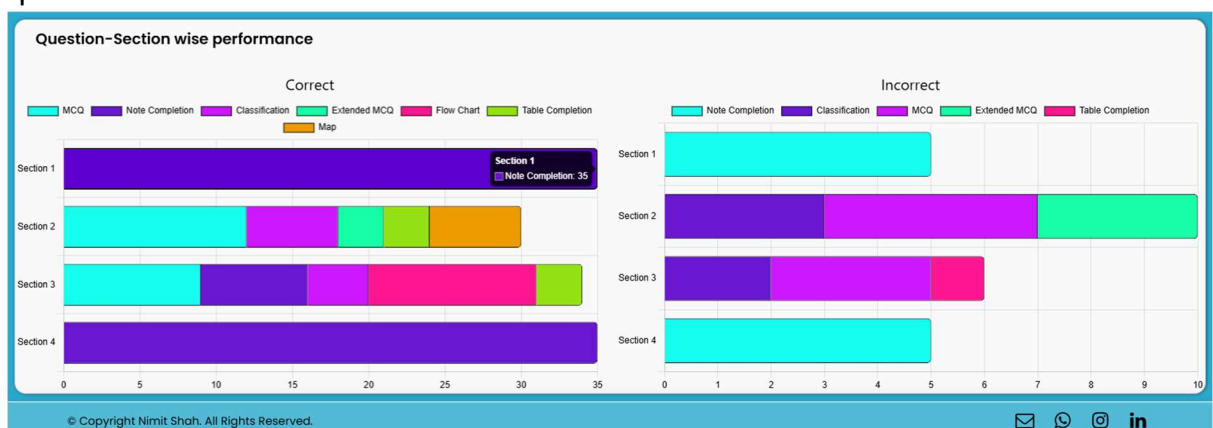

1. **Overall Performance** - This section provides a comprehensive view of the user's performance across all exams, highlighting strengths and areas for improvement.
2. **Section-wise Performance** - Here, users can delve into their performance in specific sections of the exam, allowing for a more detailed analysis of their skills.

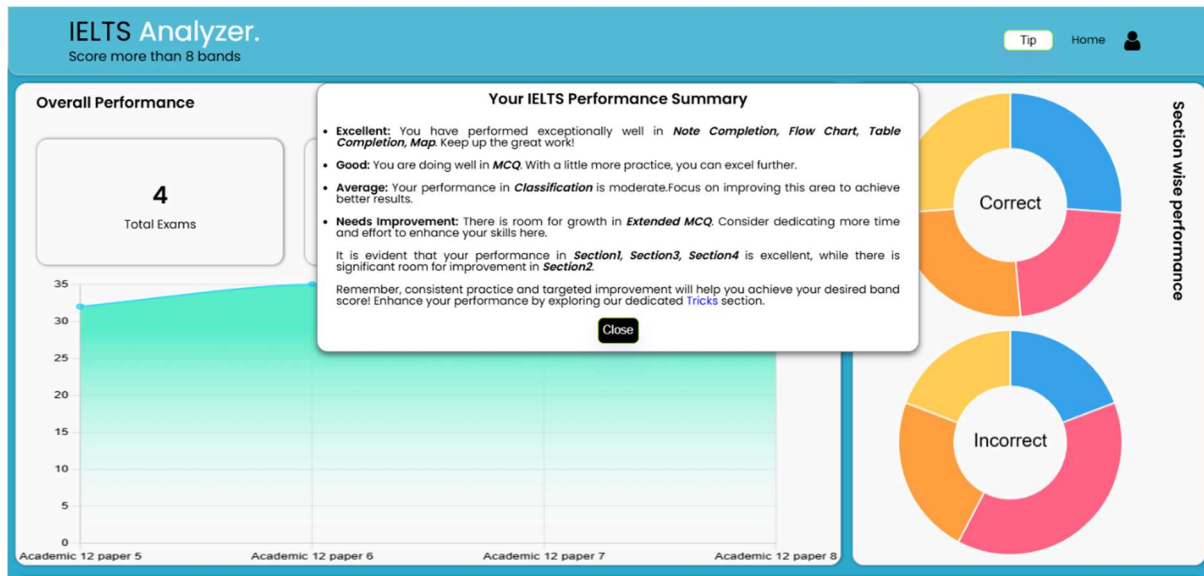

3. Question-wise Performance - This section breaks down performance on individual questions, offering insights into which types of questions the user excels at and which ones may require more focus.

4. Question-Section Wise Performance - This advanced section combines both section and question data, enabling users to see how they performed on specific questions within each section.

Additionally, the tip button located in the header serves as a helpful guide, allowing users to easily identify their weak and strong areas in the exam. This feature enhances the overall user experience by providing actionable insights for improvement.

• TRICKS

The Trick page serves as a valuable resource for learners seeking to enhance their problem-solving skills across various question types. By providing a collection of effective strategies and techniques, it empowers individuals to tackle challenges with confidence. This comprehensive guide not only aids in understanding the nuances of different question formats but also fosters a deeper appreciation for the art of problem-solving.

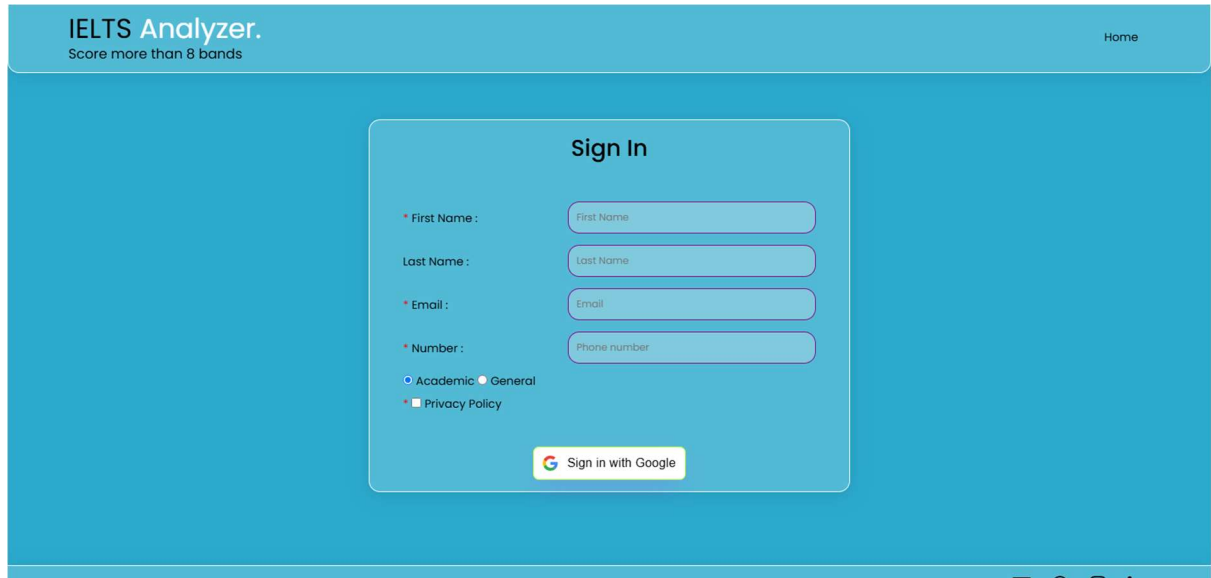

The screenshot shows the 'MCQ' page within the IELTS Analyzer. The header includes the title 'IELTS Analyzer.' with the subtitle 'Score more than 8 bands', a 'Home' link, and a user icon. The main content area is titled 'MCQ' and is divided into two columns:

- FACTS:**
 - There are 3 options listed
 - The speakers, more often than not, speak about all the 3 options
 - The options are randomly mentioned and also paraphrased
 - Only one answer is correct
 - Usually found in section 2 and 3 of the test
- APPROACH:**
 - In the preparation time understand the questions well
 - A good understanding of the question helps you build a clear objective
 - In the preparation time skim through the listed options
 - While reading options look out for options that are similar in nature
 - Do not listen to only get your answer, try and be with the audio
 - Be proactive in terms of selection and elimination

Navigation arrows are visible on the left and right sides of the content area.

- **SIGNIN**

To access the analytics for the IELTS exam, please sign in using your Google account. This step is essential to ensure that your data is securely linked to your profile. Please ensure that you provide all required details accurately to facilitate a smooth sign-in process. Thank you for your cooperation!

The screenshot shows the 'Sign In' page of the 'IELTS Analyzer' application. The page has a blue header with the text 'IELTS Analyzer.' and 'Score more than 8 bands' on the left, and a 'Home' link on the right. The main content area is a light blue box with the title 'Sign In'. It contains four input fields: 'First Name', 'Last Name', 'Email', and 'Phone number', each with a corresponding label and an asterisk indicating it is required. Below these fields are two radio buttons for 'Academic' (selected) and 'General', and a checkbox for 'Privacy Policy'. At the bottom of the form is a 'Sign in with Google' button with the Google logo.
